

# How do you build a safe, stable home for you and your family if you lack many of the tools necessary to build a solid structure?

That's where Good Dads comes in.

Good Dads is a nonprofit focused on helping all dads be more engaged with their children. Our mission is to inspire, resource, and encourage all fathers to be more involved in the lives of their kids.

We believe every child benefits from an engaged father, so we employ multiple strategies to reach, support and engage dads, including:

- Community Events
- Good Dads podcast
- Good Dads blog
- Weekly e-newsletters
- Fatherhood development courses
- Networking events
- Partnerships with Missouri businesses
- HR benefits
- Resource and train groups to serve fathers
- Good Dads Strong Schools

# GOOD DADS 2.0

Helping Kids & Communities  
One Dad at a Time

205 West Walnut Street, Suite 10  
Springfield, MO 65806  
417-501-8867

If the only tool you have is a hammer,  
then everything in the world looks like a nail.

This phrase means that we tend to use the tools we have on hand rather than figuring out what tool we should be using. However, a wise builder makes sure they are employing the right tool for the job every time. Using the wrong tool, or the right tool at the wrong time, can cause lots of problems down the line for any kind of building project.

The same can be said of raising kids. Dads need a reliable set of parenting tools to build safe, stable homes with their families. Good Dads 2.0, a new, evidence-based curriculum, helps all dads—especially at-risk dads—overcome the barriers they face in becoming responsible fathers. The 16-part course uses a combination of engaging, facilitator-led discussion, impactful activities, thought-provoking questions, and multimedia expert testimonials to offer dads the full package: They learn the skills and strategies for fathers at any stage of life by comparing being a good dad to building a stable home.

**Good Dads equips fathers with what they need  
to build a solid family foundation, much like  
a contractor on a construction site.**
